Every mother has the right to a safe birth

- The Fullife Foundation has funded the construction of two maternal waiting rooms, through World Vision in Samre Ethiopia, which is servicing a population of over 60,000 people.

- Only 6 beds in each room had been provided as part of the project.

- After our visit in January 2017, we decided to fund an additional 4 beds in each facility.

- 20 mothers at any one time can now come into the health centres and be monitored correctly to ensure they have a safe birth.

- This additional project cost \$3,550.

You can help the mothers of Samre, Ethiopia have a safe birth by donating online fulllifefoundation.com.au or in store at a Fullife Pharmacy
